

HIE Success Outreach Email Template

Good Day [Target Provider]

I am outreaching on behalf of [YOUR PRACTICE]. As you are aware we frequently refer our patients to your [practice/facility/office].

We have adopted an electronic health record (EHR) system that allows us to communicate patient information using the national standard for secure email. We would like to determine if have a similar capability or would be interested in exploring this and other ways to better electronically exchange patient referral and summary of care information.

We would welcome the opportunity for a quick discussion with your [practice/facility/office] technology support or meaningful use leader if you are participating in the CMS EHR incentive program.

We look forward to hearing from you and greatly appreciate your time and collaboration on behalf of our patients.

Have a wonderful day.

Many Thanks!

[YOUR NAME].

Outreach Coordinator for [Target Provider]
